HUNDREDS of candidates, wind-up campaigns, tell the public how good they are and how bad the competitors are. The competitors are the same, and the efforts are no greater than that of a man blowing over a frozen lake. The people know that something is wrong and know that those in charge of their government have the vaguest idea what the trouble is, what caused it, or how to cure it. They know, however, that it will be cured, and listen with indifference to promises and assurances that have little meaning.

FOUR banks are to combine in New York City, making a one-billion-dollar concern that will have more branches than any other bank in America. It will not have more dollars, one billion being "small change" among institutions like the Chase, Equitable, National City and others.

All things, even said finance change. Once a great bank took pride in immobility, remaining on the same spot for a century or more. Now banks are in the chain store business, competing with drug stores, cigar stores and gas stations for the best corners. To hold your place in this day, as Mr. Murphy said, it is necessary to keep moving.

UNCLE SAM changes his views also. A few years ago he was chopping Standard Oil into little pieces because it threatened to become a billion-dollar concern, which was more than he could stand.

Now, American Telephone & Telegraph alone owns five billion dollars' worth of real assets, to say nothing of Uncle Sam is calm. He has been in the billion-dollar business since the big war.

GEORGE BERNARD SHAW revealed a list of the "eight builders of universe" at a dinner in honor of Professor Einstein. His list: Aristotle, Pythagoras, Copernicus, Ptolemy, Galileo, Kepler, Newton, Einstein.

It is a good list although the future has still to pass on Einstein's right to a place in it. Shaw might have crowded in Archimedes, who did so much for physics that for 1,000 years nothing of importance was added to his work. And he might well have included Descartes, one of the six greatest astronomers.

PROHIBITION agents report a place in New York where something called whisky is sold for five cents a drink, 15 cents for a full pint.

The art of making spirits, which was unknown to the ancients, never produced anything more horrible than the vile concoction sold for five cents a drink. It is said to be worse even than the product of New York's Bowery "smoke houses," where men pay 10 cents a drink for denatured alcohol and water.

## HEAVY DAMAGE TOLL TAKEN BY EARTH SHOCK

Large Property Loss and Death List Reported in Italian Area.

MORE THAN 150 HURT

Government Rushes Companies of Relief Workers to Scene.

ANCONA, Italy, Oct. 30.—Twenty-seven persons were known to be dead and more than 150 injured by an earthquake that shook the Adriatic coast this morning. It was believed that casualties in towns unheard from at midday would appreciably increase the totals. Property damage was believed to be high.

There were 20 dead and more than 100 injured in the town of Senigallia, on the coast, and five dead and upwards of 50 injured in the province of Marche, which includes the city of Ancona.

Villages in the western part of the province had not been heard from at noon.

Communication was restored with some of the quake ridden towns this afternoon and military units rushed into the region have reached many of the affected places.

Extends Along Adriatic  
The earthquake area extends for many miles along the Adriatic coast and across the upper portion of the boot, through the Umbrian and Picenum hills, the middle northern range of the Apennines and far to the north of the disaster of last July.

Practically the whole of the Italian peninsula felt the shocks. The government before dawn had dispatched relief companies into the area.

The rescuers had not at mid-afternoon been able to convey any adequate report of the destruction.

Ancona is a city of more than 50,000 population. It is on a plateau above the Adriatic and is the only large seaport between Venice and Brindisi. The city is said to have been founded 400 B. C. by Syracusean exiles from Sicily. The word means elbow, for the shape of the promontory on which the city stands.

NAPLES FEELS SHOCK  
Citizens, Accustomed to Quakes, Quiet Down After Brief Time.

NAPLES, Oct. 30.—This city, which on July 12 was rocked by an earthquake that extinguished about 1,500 lives in the Vomano district, felt a series of strong earthquake shocks this forenoon.

The people were panicky for a short time but being more or less accustomed to quakes, decided quickly that Naples would not be dangerously affected and went on with their daily occupations.

## 75 ABSENT VOTERS' BALLOTS CAST HERE

Saturday at Midnight Is Deadline for Returning Tickets.

Nearly 75 Marion city and county voters have taken out absent voters' ballots at the board of elections office, the record book for such purposes disclosed today.

Saturday at midnight is the deadline for returning the ballots to the board. The unmarked ballots may be obtained by calling in person at the board's offices on East Center street or by sending an application by mail. The ballots must be marked in the presence of a notary public before being returned to the board of elections.

Voters who have taken out absent voters' ballots include the following:

- Robert H. Uhl of 458 East Center street, George N. Hagan of 651 Cherry street, W. B. Slack of 448 Summit street, George McNamara of 544 Courtland avenue, Charles N. Thurston of 544 Courtland avenue, Mr. and Mrs. Brooks Fletcher of 234 Thew avenue.
- H. E. Knepper of 330 Franklin street, Grace Elizabeth Kline of 291 Thew avenue, Joseph A. Miller of 545 Silver street, John A. McNamara of 544 Courtland avenue, Mrs. Parthenia O. Post of 651 Cleveland avenue, Herbert Fowler of 647 Silver street, Dana G. Barber of Green Camp, Letitia Dumbauld of 268 Thew avenue.
- Harry Mettler of 605 Windsor street, Eliza Wellington Garfield of 353 South Safford street, G. R. Snyder of 184 Tully street, Leah S. Baker of 131 Spencer street, Ralph E. Carhart of 386 Franklin street, Ralph C. Green of 108 East

## DEMOCRATS TO END CAMPAIGN

Final Rally of Party Here Today Features Talk by Martin L. Davey.

COOPER G. O. P. GUEST

Governor Will Attend Luncheon Meeting of Republican Women Saturday.

While Democrats were holding their last rally of the campaign this afternoon in the Marion Steam shovel Co. auditorium, Republican headquarters announced that Governor Myers Y. Cooper will be one of the guests at the eighth district women's luncheon Saturday at 12:30 p. m. in the Hotel Harding.

Governor Cooper is expected to speak briefly since he is scheduled to make an address in another part of the state that afternoon. The principal speaker at the luncheon will be William L. Harding, former governor of Iowa.

Martin L. Davey of Kent, Cooper's opponent in the gubernatorial election two years ago, was scheduled to be the principal speaker this afternoon at the Democratic rally. Thomas J. Duffy, former chairman of the workers' compensation commission, and Brooks Fletcher, former congressman, also were listed for addresses. County and district candidates were to be introduced by Chairman C. J. Altmaier.

Davey was expected to speak on state issues, notably the record of the Cooper administration for its alleged extravagance. Duffy's talk was to touch on subjects of interest to working men. Fletcher was scheduled to speak on behalf of Carl W. Smith of Kenton, congressional candidate.

The candidates and speakers went to the auditorium in automobiles behind the Marion City band. The group gathered at Democratic headquarters on East Center street before departing for the rally.

Republicans will put the finishing touches on their campaign Saturday night when Harding, the women's luncheon speaker, will give an address in the Star auditorium. Miss Gertrude Jones of Findlay, vice-chairman of the state committee, will speak also.

## Pig Iron Producers To Request Higher Tariff

WASHINGTON, Oct. 30.—American pig iron producers prepared today to launch before the reorganized tariff commission a plea for increased duties.

The hearing today was the second of 14 to be held by the commission this fall under the flexible provision of the 1930 tariff act. Representatives of the domestic pig iron producers contend the present duty of \$1.12½ a ton represented too small a percentage of protection under the current cost of production.

## Wasted Words

(Will Rogers Special)  
BEVERLY HILLS, Calif., Oct. 30.—This must have happened to thousands of school children all over our country. My three come dragging in last night from three different schools and I immediately asked them if they had heard Bernard Shaw's great speech over the radio that afternoon.

They all said "No, their teachers had been listening to them."

Now here was perhaps the most brilliant and wittiest speech of our times, brought right to us by this great invention. Yet teachers gave their own lectures instead of Shaw's.

Even the newspapers only published extracts of it, but they published all their own editorials, they were improving on Shaw, too, so what good does it do to have a brilliant man tell you something?

Yours,

Will Rogers

## MARION HAS LOW COST FOR INSTRUCTION

Portion of School Tax Dollar Going to Teachers Here Below Other Cities.

CUT ENDANGERS RATING

To Lower Teaching Cost Might Lose City Schools First Grade Rank.

Editor's Note.—Because it is absolutely essential for the good of the community and the future of its young people that Marion's public school system be maintained unimpaired, The Star is wholeheartedly in favor of the three-mill tax levy for school operations which is to come before the voters in November. This levy has been in effect over a period of years and as a consequence its continuance will not increase the total city tax rate. For the purpose of explaining the great importance of voters supporting the levy proposal, a series of articles dealing with the schools' requirements will appear in these columns. One of the series follows.

Many cities in Ohio invest more for instruction alone than does Marion for its entire school program.

Cities like East Cleveland, Steubenville, Hamilton, Mansfield, Elyria and Warren all spend more than \$88 per pupil for instruction, while that figure in Marion must take care of instruction, other current expenses and payments on bonded indebtedness as well as interest on bonds.

Low As Possible  
Marion's per pupil investment is as low as it is possible to be without the city losing its first-grade ranking for the high school, junior high schools and elementary schools.

The total tax rate for Marion schools is \$10.30 a thousand of which amount \$7.70 is used for current expenses and permanent improvements. The average tax rate for schools in most Ohio cities is \$10.94 a thousand, a survey made in 1928 of the state's 92 school districts shows. In this list of 78 cities Marion rank thirty-first in its tax rate for schools, fifty-fourth in per pupil taxable wealth and fiftieth in bonded debt per pupil.

The ability of a community to support its public institutions is measured most accurately by the amount of taxable wealth in proportion to the number of inhabitants, and, in the case of the schools, in proportion to the number of pupils to be accommodated.

In other words, the school program will be determined largely by the amount of taxable wealth back of each child enrolled. On the basis of September enrollments, taxable wealth in Marion is \$8,302 per child. It would be possible for

## TUESDAY NIGHT SET FOR STREET OPENING

Paving To Be Completed by That Time, Contractors Report.

Main street will be completed and ready for use Tuesday night, barring inclement weather and unforeseen accidents, contractors announced today.

Rapid progress has assured Main street merchants the job will be completed several days ahead of schedule.

Another section of the street was opened at noon today when traffic was permitted between Center street and the railroad tracks. Other sections will be thrown open for use as they are completed.

Main street merchants, preparing for a gala celebration of the reopening, were rapidly completing plans today. The celebration may not be held until several days after the street is completed, as merchants are desirous of having all "white way" lights in use before the dedication is staged. Indications today were that the street will be opened several days before the lights are completed, George Kleimaster, general chairman of the celebration, said today.

## Confessed Slayer of Five Pleads Not Guilty

## ELECTION TO BRING PROHIBITION CRISIS

Choosing Wet U. S. Senator Signal for Further Law Breaking, Osmun Declares.

Prohibition will reach its crisis, just as Democracy defeated Al Smith, its own candidate for president two years ago, because both men stepped outside the pale and attempted to dictate to the party where it should stand on prohibition.

Such was the declaration of John Osmun, formerly of Marion, and now assistant district attorney in the United States federal court at Cleveland, where he has tried more than 6,000 liquor cases in the last four years, when he addressed an open meeting sponsored by the Marion county chapter of the Women's Christian Temperance Union last night in the Central Christian church.

Warns Against Bulky  
"If Robert L. Bulky of Cleveland is elected senator, it will be a boon to the wet interests of the country for it would mean that Ohio, where the Anti-Saloon league and the W. C. T. U. were born, has taken a backward step on the liquor issue," Osmun said.

"Roscoe C. McCulloch has taken a firm stand for prohibition and if he is elected, it will be a decided victory for prohibition, and will show the people of the United States that Ohio still stands firm against liquor."

Osmun declared that Ohio Democrats will rise up against Bulky.

## Flagpole Sitter Opens 100-Hour Quest for Mark

MARION is one of the most beautiful cities she has seen from the air, Miss Betty Fox, 20, declared today from the first flagpole perch ever erected in Marion.

Betty mounted a 50-foot pole on the roof of Hotel Harding at 10 a. m. today, to break her own previous record by remaining there until Monday at 2 p. m.

Those who think Betty is having a dull time of it sitting more than 150 feet above sidewalk level are badly mistaken. Betty entertains callers, at the rate of one every two minutes. They are on the telephone, of course, but they keep her busy.

SCARCELY had she mounted her breezy perch this morning when calls came pouring in by the dozen. Already she has related her experiences to scores of Marionites, including high school youths and an 80-year-old admirer. Her phone number is 1811.

There is no doubt in Betty's mind that she will stay until the full 100 hours until Monday afternoon. "Let it rain, snow, blow or freeze, I'm here until Monday afternoon," she declared today.

Betty is given food and what additional clothing she will need by her brother, Henry.

A fair sized crowd saw Betty climb the slender pole this morning and settle herself in the little perch that hangs from its top. She is wearing an aviation costume.

## STATE DRY LEAGUE RATES CANDIDATES

Bulky Is "Unsatisfactory," McCulloch, Mouser, Smith Approved.

By The Associated Press  
COLUMBUS, O., Oct. 30.—All state candidates on both Republican and Democrat tickets from governor down are rated as "satisfactory" by the American League, official publication of the Anti-Railroad League, in its issue appearing today. As between the senatorial candidates, Senator Roscoe C. McCulloch, Republican, is rated "satisfactory" while Robert J. Bulky, Democrat, is rated "unsatisfactory."

In its discussion of congressional candidates, the paper makes no distinction between its rating of Congressman Grant Mouser Jr., Republican of Marion, and Carl W. Smith, Democrat of Kenton, in the eighth district. Both are listed as "satisfactory."

The gubernatorial campaign received another controversy as Gov.

## TWO SUSPECTS CAUGHT, TWO OTHERS SOUGHT

Final Payoff of \$50,000 by Yocum Halted, Is Belief of Officers.

WIDE AREA UNDER GUARD

Capture of Galva, Ill., Extortion Plotters Believed To Be Near.

By The Associated Press  
KEWANEE, Ill., Oct. 30.—Two men were in custody today and vigilantes were closing in on two confederates alleged to have kidnaped the wealthy Galva, Ill., banker, Earl Yocum, last Saturday and held him for ransom three days.

Orville Whiskers was held in the county jail at Cambridge, accused of plotting the extortion scheme with three other Henry county men: Verne Algreen, son-in-law of Whiskers and a mechanic at Galva, was captured while hiding in a farm house on Lone Tree road, not far from the scene of a gun battle between the fugitives and a band of vigilantes early today. Algreen was said to have been recruited by townfolk as he leaped from the automobile and escaped into the open fields.

In the abandoned car, officers found a cloth mask such as Yocum said was kept over his head, two guns, rope and several boxes of shells. One group of searchers went to a vacant farm house west of Kewanee, where it was reported Yocum was held, and found food, dishes and scraps of paper similar to that on which Yocum wrote two notes to his wife.

Two others were hunted by a hastily organized posse while an airplane hovered overhead to spot them. These two, police said, also were known, implicated by the statement of Ed. McKenna a farmer, that he was offered \$100 a day by Algreen for the use of his farm as a hideout for Yocum's kidnapers. The suspects are Harry Whiskers, brother of the man held at Cambridge, and Lloyd Winslow, an ex-convict. All are from Galva.

A tip from an undisclosed source to Sheriff Charles Nash of Henry county, now leading the pursuit, revealed that the final installment of the ransom, reported to total \$50,000, was to have been paid last night. Officers said it was not handed over before the surprise and flight of the extortionists.

Meanwhile fifty vigilantes armed with rifles and shotguns guarded the Yocum home last night in which the banker was reported to have been threatened with bombing unless an additional installment of \$10,000 ransom were paid immediately.

## TWO HOMES GUARDED

Threats and Ransom Demands Received by Chicago Families.  
By International News Service  
CHICAGO, Oct. 30.—Two homes in Riverside, suburb, were being guarded today against extortionists who have in each case demanded \$50,000 under threat of death to children of the families.

Dr. Joseph E. Jaro, latest target of the extortionists, engaged detectives when his two children were threatened with death unless \$50,000 were paid over.

The home of Carl Sundberg, wealthy manufacturer, has been under double guard since he received a demand for \$80,000 two weeks ago. Sundberg's three young daughters were threatened in the letter.

## COURT TO CONSIDER PHONE RATE ORDER

Company's Petition for Injunction Against Rebate To Be Heard Friday.

The United States district court tomorrow will consider application by the Ohio Associated Telephone Co. of Marion for an injunction to prevent enforcement of an order by the public utilities commission to start rebate of excess rates charged telephone subscribers in Marion and fixing a new schedule of rates, a United Press dispatch said today.

The new rate schedule was filed by the commission Sept. 26. Rebate of excess rates collected from Aug. 1, 1925 to No. 1, 1930 was to be started Jan. 1, 1931 and completed at the earliest possible date.

Under the order the company is required to conform billing of the company to the rates set in September on Nov. 1.

The company filed petition for rehearing on the order on the grounds the commission's findings were wholly erroneous, its order was in violation of the public utility act, and it was in the order to pay the true value. No definite decision was taken on the petition.

of public morality," the former Marion man asserted. The loss of Wayne B. Wheeler and other militant dry workers was a severe blow to the cause of prohibition, Osmun said, because it left temperance people without a real leader. Lacking a leader, they have permitted liquor interests to reorganize in one last bitter campaign to abolish prohibition, he said.

That liquor interests are behind the candidacy of Bulkley as opposed to McCulloch is evidenced by newspaper advertisements for the former, according to Osmun, who said that the Cleveland man's campaign is financed heavily by former brewers and distillers and as a result Bulkley's newspaper advertisements are decidedly larger than are McCulloch's.

Bulkley's election would have little influence on the repeal of the eighteenth amendment, for 37 states must vote for such repeal before the amendment could be wiped from the statutes, the

speaker declared. His election, however, would be a signal for further violations of the amendment because people would lose respect for the law, he said.

Osmun was introduced by Alfred Donithen, candidate for reelection as prosecuting attorney. Mrs. Mary Jennings, president of the county W. C. T. U., was chairman at the meeting which attracted a crowd of approximately 100.

ernor Myers Y. Cooper, who appeared with McCulloch, said his Democratic opponent, George White, would open the game preserves to public hunting if elected. He said such a move would break down the whole system of game conservation and "Ohio would be shot out." He asked reelection so that he might finish uncompleted projects, including enactment of a new tax law.

White renewed his promise to "call for a proper readjustment of the functions of the state finance director and auditor of state" in charging the Cooper administration with extravagance.

a city with higher taxable wealth than Marion to raise more money per child for the operation of its schools with an even lower tax rate.

**Draws Comparison**  
The city of Mansfield, for example, has a total tax duplicate of \$20,000,000 and has a taxable wealth per child enrolled this year of \$12,769, and yet Mansfield with a tax rate of only \$345 per thousand for schools is able to provide at least 30 per cent more per child than Marion.

Tax rates for schools, cannot, therefore, be uniform and a rate in one community cannot be compared with the rate in another community unless the taxable wealth is taken into consideration. The average taxable wealth in the 78 cities included in the survey mentioned above is \$10,828.

While Marion is comparatively lower in taxable wealth than other cities, the tax rate at the same time remains low and well below the average for the state. The three-mill levy, the renewal of which will be voted upon next Tuesday, amounts to a little less than one-third of the total school tax rate and amounts to 40 per cent of the total current expense requirements of the schools.

With the tax rate for school operation here well below the average of the state, with the school program of studies and services at a minimum, the importance of the continuation of the school levy of three mills should be apparent to every voter.

## BOARD WAITS ORDER IN SALARY CASE

Appropriation of Nearly \$1,200 Not To Be Made Until Notice Is Received.

Action of county commissioners to appropriate nearly \$1,200 back salary for Joseph M. Justice, court bailiff, will not be taken until a definite court order has been made, it was said today following the refusal of the state supreme court yesterday to hear the case which was appealed from the second district court of appeals. The order is expected to reach the board soon.

Refusal of the supreme court to review the case is taken as a final victory for Justice after a long period of litigation. Justice at first sued Earl E. Thomas, county auditor, but both the common pleas court of Wyandot county and the second district court of appeals ruled that Thomas was within his rights in refusing to pay beyond the \$1,800 appropriated. Justice then sued commissioners and won.

The second district court heard all three appeals from common pleas court decisions instead of the court of the third district of which Marion county is a part. Headquarters for the second district court are in Columbus.

By The Associated Press  
WASHINGTON, Oct. 30.—Herbert Hoover, Jr., who has been convalescing at the presidential lodge in the Virginia mountains from a tubercular infection, has been brought to the White House and will leave tomorrow for Asheville, N. C.

The home which young Hoover has leased on Sunset mountain outside of Asheville has been made ready, with a large enclosed sun porch, and Mrs. Herbert Hoover, Jr., and Mrs. Stark McMullin, Palo Alto friends of the President's wife, have already gone to Asheville, to await the patient.

Dr. Joel T. Boone, White House physician, said today the President's son had made "splendid improvement" during the six weeks he has spent in the Virginia mountains and had gained weight. Dr. Boone will accompany him to Asheville.

## Do You Want a Progressive City Or a City Going Backward? The One Mill Levy Spells the Answer

Vote for the One Mill Levy for Operating Expenses and be assured of taking care of running expenses already contracted—Street Lights, Water Hydrants, Hospital, Fire and Police Depts., Poor Relief, Board of Health, Sewage Treatment Works, Garbage Collection, Street and Alley Cleaning, Sewer Flushing and Cleaning,

City Farm, Parks, Repairing Dirt Streets. All in all, keep the credit of the city good. Permit the city to keep the conveniences we already have, rather than probability of doing without many of them. If all levies pass the tax rate should not be changed. It is up to the citizens of Marion.

## By Voting Yes the Tax Rate Will Not Be Raised JUST AN EQUALIZATION OF TAX MONEY

The people have demanded improvements, such as more street lights, pavements, sewers, etc. They all cost. Marion has expanded and tax incomes have decreased, obligations have been incurred, let's pay our debts. The one mill asked is not for additional improvements, but to pay for what we have already contracted.

WHEN HALF-SICK, RUN-DOWN

COLDS  
Are Dangerous

Never neglect a cold. Start quickly and you will shorten its life by days. Never dope a cold. That merely gives a false sense of security. Take Father John's Medicine at once. Then you are helping build up the system to throw off the poisons that are keeping you sick. This simple food medicine contains vitamins that build strength and energy. It soothes inflamed, irritated membranes, relieves congestion. Taken regularly, colds are few and far between. Ideal for adults, it could not harm even an infant. Contains no alcohol or drugs. Your druggist will tell you that it has proved its value for over seventy-five years in thousands of homes.—Adv.

Young People's Chorus of Epworth Church Entertained.

Nineteen were at the dinner for the Young People's chorus of Epworth M. E. church last night in the church diningroom. The tables were lighted with orange candles. Following the dinner short talks were given by Miss Mary Heimann, president of the chorus, and Mrs. Dunlop director. Guests included Dr. and Mrs. C. E. Tuttle, Miss Beulah Smith, Miss Gladys Erost, Miss Lois Snodgrass and Miss Ruth Louise Henderson. Following the dinner rehearsal was held at the home of Mr. and Mrs. Dunlop on East Church street.

Arrangements for the dinner, which was served by Circle No. 13 of the Ladies Aid society were in charge of Miss Esther Williams and Miss Mary Heimann.

Mothers, Mix This  
At Home for  
a Bad Cough

You'll be pleasantly surprised when you make up this simple home remedy and try it for a distressing cough, chest cold, or sore throat. It takes but a few minutes to mix and costs little, but it can be depended upon to give quick and lasting relief.

Get two ounces of Pinex from any drugstore. Pour this into a pint bottle and fill it with plain granulated sugar or strained honey. The filling made costs no more than a simple bottle of ready-made medicine, but is much more effective. It is pure, perfectly and children love its pleasant taste.

This simple remedy has a remarkable three-fold action. It goes right to the seat of trouble, loosens the phlegm, and soothes away the inflammation. Part of the medicine is absorbed into the blood, where it acts directly upon the bronchial tubes, thus helping inwardly to throw off the whole trouble with surprising ease.

Pinex is a highly concentrated compound of genuine Norway Pine, retaining the active agent of creosote, a refined, palatable form, and known as one of the greatest healing agents for severe coughs, chest colds and bronchial troubles.

Do not accept a substitute for Pinex. It is guaranteed to give prompt relief or money refunded.

MARTHA, LET'S GO TO

YES, T  
ABOUT  
THIS M  
REPA

Peanuts and Johnnie Griswold have to take their cows out so I went with them and then we came around past the Lost Dog of Trips who isn't allowed to play with us any more and he is making a Few Wee Goff Cows by the side of his house, because they have a double lot, and he says he is going to charge two bits for everyone that plays it, and when Whaley told him they would have to play it with sawhills, because all the cows are closed for the winter and he told him that he would not share.

### A Wife's Triumph Over Jealousy

**Madge Is Spied by Edith Fairfax.**

"NEARER yet more large living  
ones than could as a school night  
into a better place than when I  
could get out of it," she had been  
waiting at the ropes which divide  
the train passengers from those  
who have no right of entrance. Not  
a word said to her. I thought she  
hadn't seen me. But she had. She had  
seen me sitting there at the West  
Seaside Hotel and I had come to  
talk to her with my baggage. Her  
saintly returned to me and I too  
saw that she might as well be wait-  
ing for some friend or for some  
person in connection with her  
magazine work. But that promise  
did not forbid the possibility of  
trouble for me which her recogni-  
tion of me would mean.

"Had she seen me?" That was the  
question which was coming  
through my brain as I kept my  
place in the line of passengers pro-  
ceeding through the narrow open-  
ing. I did not dare try to get ahead  
or to fall behind knowing that any  
unusual action in the crowd would  
attract her keen eyes.

Let me show you what that boy  
dragged home at twenty cents  
and—

She darted into her bedroom and  
came back with an immense card-  
board box from which she took  
one of the most realistic looking  
little troupers I ever had seen  
from its sweeping horns to its tiny  
hoofs it was perfect in coloring  
and shape while its composition  
made it almost as light as the tin-  
dustiest feather.

"Just this thing," I pronounced,  
taking the little thing in my hands  
and Mary laughed amusedly.

"Aren't you the conservative  
thing though!" she said. "Here  
I've been running the gamut of  
adjectives from adorable to mar-  
velous."

"Then there's nothing more to  
say," I told her smiling, just as  
Ducky sauntered in from the bed-  
room.

"Where've you been all the morn-  
ing?" he said, but Mary quickly  
interposed and spiced me the  
necessity for answering.

"Isn't that just like a man?" she

It seemed like an hour, that I pro-  
gress through the gates, but it really  
consumed but a few seconds. I kept  
my eyes fixated on Faith, know-  
ing that if she had seen me, she  
could not help letting her eyes  
stray in my direction again, even  
though she was determined to  
ignore the meeting. I was just as  
suring myself that she had not  
seen me, when I saw her start,  
and she made a quick movement  
forward, her hand thrown up in  
the little salute of recognition so  
often seen across the ropes at the  
incoming trains.

I only had the infinitesimal frac-  
tion of a second in which to decide  
my course, but I did decide it. I  
flatter myself, with no outward evi-  
dence of perturbation. I had my  
eyes veiled and I did not raise the  
lids as I went steadily on in the  
wake of the other passengers, look-  
ing neither to the right nor the left.  
To all appearances I had not seen

**Just a well-balance**

And? She looks her post, follow me, and speak to me, I wondered, or would she hide her time, and tell Dicky as it casually of my arrival at the station from a through New York "central train"? I hoped the latter for then I would have time to cope with the necessity of parrying Dicky's questions, while I had no idea of what I should say to her if she came up to me, and rallied me, as I was sure she would upon my "mystery journey," as she no doubt would term it.

But I was mercifully spared that particular ordeal, and I hastened out of the station, taking the first taxicab I could find, and directing the man to drive to the hotel. But I had the feeling all the way that I had left a particularly succulent morsel of scandal beneath the paw

of a glistening pussy cat.

Mary was waiting for me in the living room of the apartment, and she gave an almost imperceptible nod toward Dicky's room, letting me know that he was awake.

"Did you find any reminder?" she asked in tones that could have been heard in the bedroom.

"No, I couldn't," I returned, "and I've searched everywhere. I saved my conscience with the reflection that the statement was true if the implication that I had just completed the search was not 'Did Purnell have any luck?'"

"Did he?" Mary queried, and I realized that she was "playing up," felt miserably abused at having dragged her into even so mild a deceit. "I'll tell the world he de-

THE GRANULATED HARD WATER  
SOAP. IT GIVES THICK, LASTING  
SUDS IN TUB OR WASHER.  
YOU DON'T NEED ANY SOFTENERS.

Home-making experts all over the country, including the lactresses of 109 leading newspapers, teach women to use this safe, economical, hard-water soap. Cup for cup it gives twice as much suds as light, lathered-up soaps, even in hardest water. Rich, creamy, lasting suds that loosen dirt. No softener needed. "Soaks out dirt and spots with very little rubbing; saves the clothes," says one famous home-making expert.

Washes clothes bright and snowy without boiling," says another.

Rinso is equally marvelous in tub or machine. The makers of 38 leading washers recommend it. Rinso's thick suds are also recommended for dishes—pots and pans—floors, walls and all cleaning. The only soap you need—get the BIG package.

## FIND TWO SISTERS OF ACCIDENT VICTIM

Relatives of Man Killed in  
Auto Mishap at Columbus  
Live Here.

Two sisters of R. L. Baker of London killed in Columbus Monday night, live in Marion. They are Mrs. Effie Bowles of 23 1/2 Park boulevard and Mrs. W. C. Stout of 204 Latourrette street. Until they received a telegram this morning they were uncertain that the man was their brother. He is a resident of London, O., instead of Marion as it was believed for some time after his death.

Funeral services will be held Friday at 10:30 a. m. at the Denton & Donaldson funeral parlors in Columbus. Mrs. Stout may attend the funeral, friends said this morning.

Letters found in Mr. Baker's coat led officials to believe that a son, Ted, is living in Marion. Relatives said this morning that he has a nephew Ted living here but that there was never any correspondence between the two.

A daughter, Mrs. Ruth Baker McGuire lives in London, O. His wife is living in London also.

ASK DISMISSAL OF DAUGHERTY CHARGES

Counsel Files Pleas in Abatement of Indictments Against Bank Head. The Associated Press. CINCINNATI, Oct. 23.—Counsel for Mal S. Daugherty, head of the defunct Ohio bank here, today filed pleas in abatement to 15 indictments returned by the grand jury last week. The pleas set next Wednesday for the court to file an answer. The pleas asked dismissal of the indictments against Daugherty on grounds that the state permitted him to be indicted before he had been retained by the state. The pleas also asked that the indictments be set aside at the same time when they were returned. The defense attorneys also claimed that Daugherty was not advised of his constitutional right when he was indicted before the grand jury. As a result of the filing of the pleas, the abatement Daugherty will be required to plead to the indictments until after disposition of the abatement actions. If they are granted, then the indictments will be dismissed.

DISMISSES SUIT

Court of Appeals Rules in Assignment of Wages Case. The case of the City Loan & Savings Co. against the Alloy Cast Steel Co. for assignment of wages of Carl F. Sharr, an employee, was dismissed in the court of appeals yesterday at costs of the plaintiff according to a letter sent to common pleas court here by Judge Charles L. Justice, presiding judge of the court. Common pleas court in July held in favor of the defendant on the grounds that the wages were not assignable since Sharr made the assignment to the plaintiff before he was employed by the defendant. Guthery, Steltz & Guthery was the law firm representing the plaintiff while the defendant was represented by Mouser, Young, Mouser & Wiant.

Case Settled. The case of the Philadelphia & Reading Coal and Iron Co. against the LaRue Grain & Supply Co. for money only was settled out of court yesterday and the case was dismissed. J. H. Bartram was attorney for the plaintiff.

Settle Suit. Suit of Clyde C. Croman, administrator of the estate of Paul A. Croman, deceased, against John W. Peoples of the Merchants Transfer Co. was settled out of court yesterday at the costs of the plaintiff. The law firm of Carhart & Warner represented the plaintiff.

Bowman Addresses Club on 3-Mill Levy

A talk on the renewal of the three-mill school levy was given by Superintendent George A. Bowman at the meeting of the Mark Street Community club Tuesday night at the school building. During a short business session Mrs. Mildred Lucile Caldwell was elected president of the organization. Music by the Lincoln quartet was a feature of the program hour and a recreation was given by Dorothy Rhinehart. A group of vocal numbers was given by Dorothy Schroeter and Gene Drake entertained with a group of readings. The next meeting will be Nov. 25.

Salvation Army Workers To Hear Colonel Bovill

Marion headquarters of the Salvation Army will entertain delegates from several cities near here in a district meeting Friday afternoon and night. Colonel Margaret Bovill, territorial secretary of the Salvation Army women's home league will be the speaker and will conduct two meetings. A meeting at 2:30 p. m. will be for women interested in the Salvation Army and delegates. At 7:30 p. m. a public meeting will be held. Colonel Bovill has figured prominently in Salvation Army work for a number of years.

WANT SPECIAL CAR

Special train rates have been granted the Marion county Future Farmers of America band to a national F. F. A. convention in Kansas City Nov. 17. If a party of 100, including the band, can be secured, a special car direct from Marion to Kansas City can be chartered. Already 70 men and boys, including the band, have signed up to go on the trip. Thirty more are necessary to secure a special car. The department of education will attempt to interest 30 men from over the state in making the trip to Kansas City, in order that the only F. F. A. band in the country may make an excellent showing for Ohio at the convention. The following vocational agriculture teachers in the county will be able to furnish information to anyone interested in the rates for the trip and any other data concerning American Royal Show or the F. F. A. convention: H. C. Hodson of LaRue, Glenn Poe of Pleasant, R. N. Lovett of Green Camp, Levi Lukens of Waldo, Lawrence L. Montjoy of Martel and R. L. Albright of Prospect.

# PASSING TO FEATURE BIG TEN CLASH

## SPORTS

BY BOB KIRKPATRICK

Small games of major importance in Ohio are lacking this year. Only one out-of-state contest is slated for play, the Ohio State and Wisconsin game in local importance although it will not mean a thing to the Ohio championship is being played. The Western Reserve tilt at Delaware is looked at as a game of the short end of the stick. The game is scheduled by the time the games are completed but Ohio State has a better chance than Reserve. The reserve team took on an American schedule this year tackling such as Pitt, Carnegie Tech and others of like ability. As a result it has taken a beating in its start. Western Reserve isn't the only team that scheduled the worst teams they could uncover. It is always best for the team.

## BADGER END

Milt Gantenbein of LaGros, Wis., is rated as one of the best ends in the Western Conference this year. He is captain of the Badgers and is one of the important factors in their bid for the Big Ten title.

## OHIO TAKES TO AIR IN PRACTICE FOR GAME WITH BADGERS

Bucks Spend Two Hours Drilling for Aerial Attack Saturday.

BY LATHROP MACK

Associated Press Sports Writer COLUMBUS, O., Oct. 30.—That famous watchword of Verduin, "they shall not pass," might just as well be applied to the football battle impending in Ohio stadium Saturday between Wisconsin and Ohio State.

Wisconsin passes overwhelmed a good Pennsylvania team, 27 to 0. The Badgers are never more dangerous than when they get into the air. Consequently about all Coach William W. W. has to do is to catch passes, and how to knock them down.

For Ohio plans to fight passes with passes it would seem. Yesterday, for instance, the varsity spent nearly the entire two hour allotment of time in aerial offense and defense. With skeleton lines, composed only of a center and two ends, the first and second backfielders took turns throwing passes and knocking them down.

Few Passes Work Few of the aerials worked, largely because both sides were reading each other's minds and the receivers found the entire enemy secondary around their necks and in their hair every time they reached for the ball.

Few of the catches were easy but Weaver, rangy reserve end who caught two of Dave Chizek's throws in the last period of the Michigan game, got under several nice ones today. His speed allowed him to outfoot the secondary, even the fast Mr. Bob Grady.

Wesley Fessler, all-American end who is doubling in the backfield this season, was at fullback for one team, throwing the ball instead of catching it as he has done heretofore this year for the most part. Fessler's damaged right wrist was hurt again in practice Tuesday, and will not permit him to be at his best as yet.

Mandula, a big sophomore, and Chizek, also took their turn on the throwing end. Joe Benis, third string quarterback, was most active in knocking down passes on defense, while Bob Horn intercepted a few.

## BADGERS DRILL HARD FOR BUCKEYE BATTLE

Ohio Reported To Have Reorganized Entire Defense System for Game.

BY WILLIAM WEEKES

Associated Press Sports Writer CHICAGO, Oct. 30.—The business of preparing Wisconsin for its invasion of Ohio State Saturday is costing Coach Glenn Thistlethwaite a lot of rest and is causing his squad an unprecedented amount of work on defensive measures.

The Buckeyes had an open date last Saturday, giving them two weeks during which to get primed for the Badgers, and depriving Wisconsin of the opportunity of scouting its next foe. Ohio State used the double wingback offensive in its game with Northwestern and Michigan, both of which resulted in Buckeye defeats.

Reports from Columbus hint that Coach Sam Willaman has used the two weeks to completely reorganize his defense.

Not knowing what Ohio State will use in its attack, Wisconsin has spent the week drilling against the double wingback, which is the same as its own system, along with preparing a defense against the stuff Ohio used up until this season.

First Game Since '19 Wisconsin and Ohio will meet for the first time since 1919 Saturday, but Coach Thistlethwaite saw earlier Buckeye attacking plays while he was head coach at Northwestern, from where he went to

## DARTMOUTH TO TRY FOR FIRST VICTORY OVER YALE FORCES

Big Green Has Never Defeated Elis; Is Conceded Chance Saturday.

BY HUGH S. FULLERTON, JR.

Associated Press Sports Writer NEW YORK, Oct. 30.—Since 1884

Yale and Dartmouth have been playing football from time to time and so far the Green never has won a game. The best Dartmouth ever did was in 1914 when the Elis underdogs held Dartmouth to a 14-14 tie.

Next Saturday the Green advances on New Haven again, hopeful of its first victory and conceding a better chance than usual.

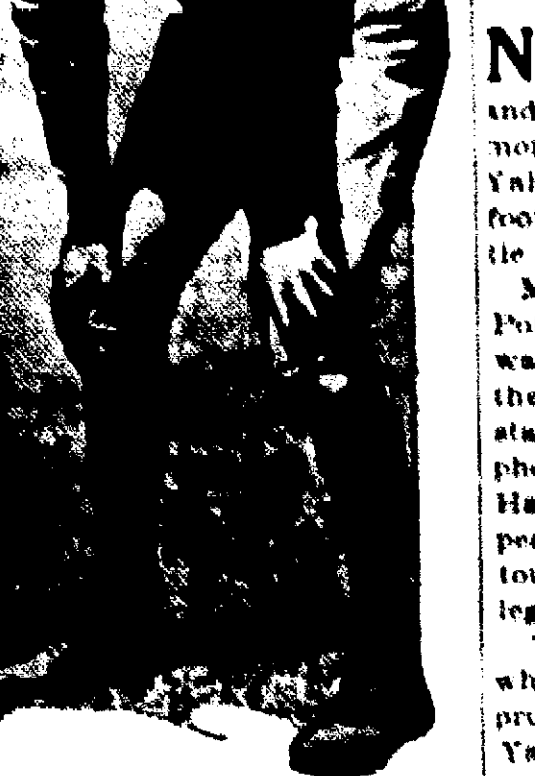

Although the Yale Dartmouth game is one of the headliners on the Saturday program, it must share the limelight with a number of important intercollegiate games and a few big ones within the section.

In New York, Columbia is working overtime preparing for an attempt to give Cornell its first setback and feels hopeful since Ralph Hewitt, Joe Stanczyk and George Sheridan are ready to play along with a few other injured players.

Up at Syracuse Vic Hanson is stressing speed in an attempt to offset the weight of Brown's line. Pennsylvania is having its troubles in getting ready to meet Kansas in one of the leading intercollegiate battles to be played in the east.

Pittsburgh already is on its way to meet Nebraska while Princeton leaves today for the Chicago game. Other notable travelers are George Washington, which goes west to play Tulsa and Oklahoma City, which comes from the same region to meet Davis and Elkins. A few lesser games complete the intercollegiate schedule. Army meeting North Dakota, Boston College clashing with Marquette and Harvard playing William and Mary. Georgetown and Michigan State open the action Friday.

## CADET MOVIES SHOW YALE STAR INJURED IN CLEAN FOOTBALL

Albie Booth Victim of Head Tackle, but Not Unnecessary Roughness.

By The Associated Press

NEW YORK, Oct. 30.—Now that the last movie has been shown and the last old grad has been more or less placated, it seems that Yale and Army played a hard, clean football game which ended in a 7-7 tie last Saturday.

Motion pictures, viewed at West Point yesterday, show that there was no unnecessary roughness in the play which ended Albie Booth's stay in the game, but contrast with photographic evidence from New Haven a few days ago which appeared to show that the Cadet touchdown had been scored legally.

The apparent pin-up on reason, when viewed through the camera, proved to be on top of some other Yale player, unidentified except by his number, 24, who had recovered the ball after Booth had fumbled it. Albie, after escaping from the clutches of Bowman, was tackled and thrown hard by King and struck his head a severe jolt on the ground. Price rushing into the play, hit his own teammate alongside Booth and all three were nudged aside the scramble after the ball which eluded Booth and rolled two or three feet away.

The pictures of the Army touchdown show two massed lines with Kilday, the ball carrier, lying well across the bunch. When Stecker came up and collided with the lines, Kilday rolled off to one side and apparently fell back to where he had been.

## CONFERENCE HIT FOR POST-SEASON STAND

Requests for Charity Grid Games Pour in on Big Ten Officials.

By The Associated Press

CHICAGO, Oct. 30.—The Big Ten football conference, its rule makes in particular, found itself hemmed in with attacks and threats today over its rule forbidding football teams from playing post-season games.

Requests for post season games for the benefit of charity literally poured upon conference officials but they refused to consider them. Probably the most insistent demand for an inception of the conference post-season rule for charity's sake came from Michigan where attempts were being made to schedule a charity game between the University of Michigan and the University of Detroit on Thanksgiving day.

The Detroit city council demanded the game as did Governor Green of Michigan. Both bitterly denounced the conference rule which caused the conference committee to turn thumbs down on the proposed games.

Another attack was centered from Chicago because of the refusal of the conference to sanction the proposed transfer of the site of the Notre Dame-Northwestern game, Nov. 22, from Dwyer stadium, Evanston, to Soldier Field, Chicago.

## HE WILL!

Marty Brill To Show Penn How Well He Can Play Football.

By The Associated Press

SOUTH BEND, Ind., Oct. 30.—Notre Dame has a football game with Indiana Saturday, but it's not Saturday and Indiana that Marty Brill, one of Knute Rockne's very best halfbacks, is thinking about.

Marty's thoughts are 100 per cent on a week from Saturday and Notre Dame's engagement with Pennsylvania at Philadelphia.

Brill is a Philadelphia boy, and he went to Pennsylvania for two years—without getting anywhere as a football player. Then he transferred to Notre Dame where he has made considerable progress in football.

Now he is waiting for the chance to show the boys in Philadelphia just how good a football player left Pennsylvania to go to Notre Dame.

## A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action: it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

## The Stars Say--

For Friday, Oct. 31.

**DESPITE** some chaotic or confusing situations of a more or less baffling or intriguing nature, this should be a very lively day and eventually one of much substantial accomplishment. While new undertakings are under this singular or sinister vibration, yet the Saturn force for stabilizing and tenacity should assist in vanquishing those hidden adverse forces. Writing, meticulous tailoring, smart industry and employment are all under productive away.

Those whose birthday it is are assured of a year of much stable growth and advancement, mainly through their personal application and indomitable perseverance. Precaution and diligence may be called upon to offset sinister and chaotic situations, especially in relation to new projects or alliances. Employment, labor, writings, publications and trade are under good auspices, also property interests and old established connections. A child born on this day should be brilliant, versatile, responsible and practical, and should reach secure place in life through its own industry and efficiency.

# "A STROKE OF GENIUS"

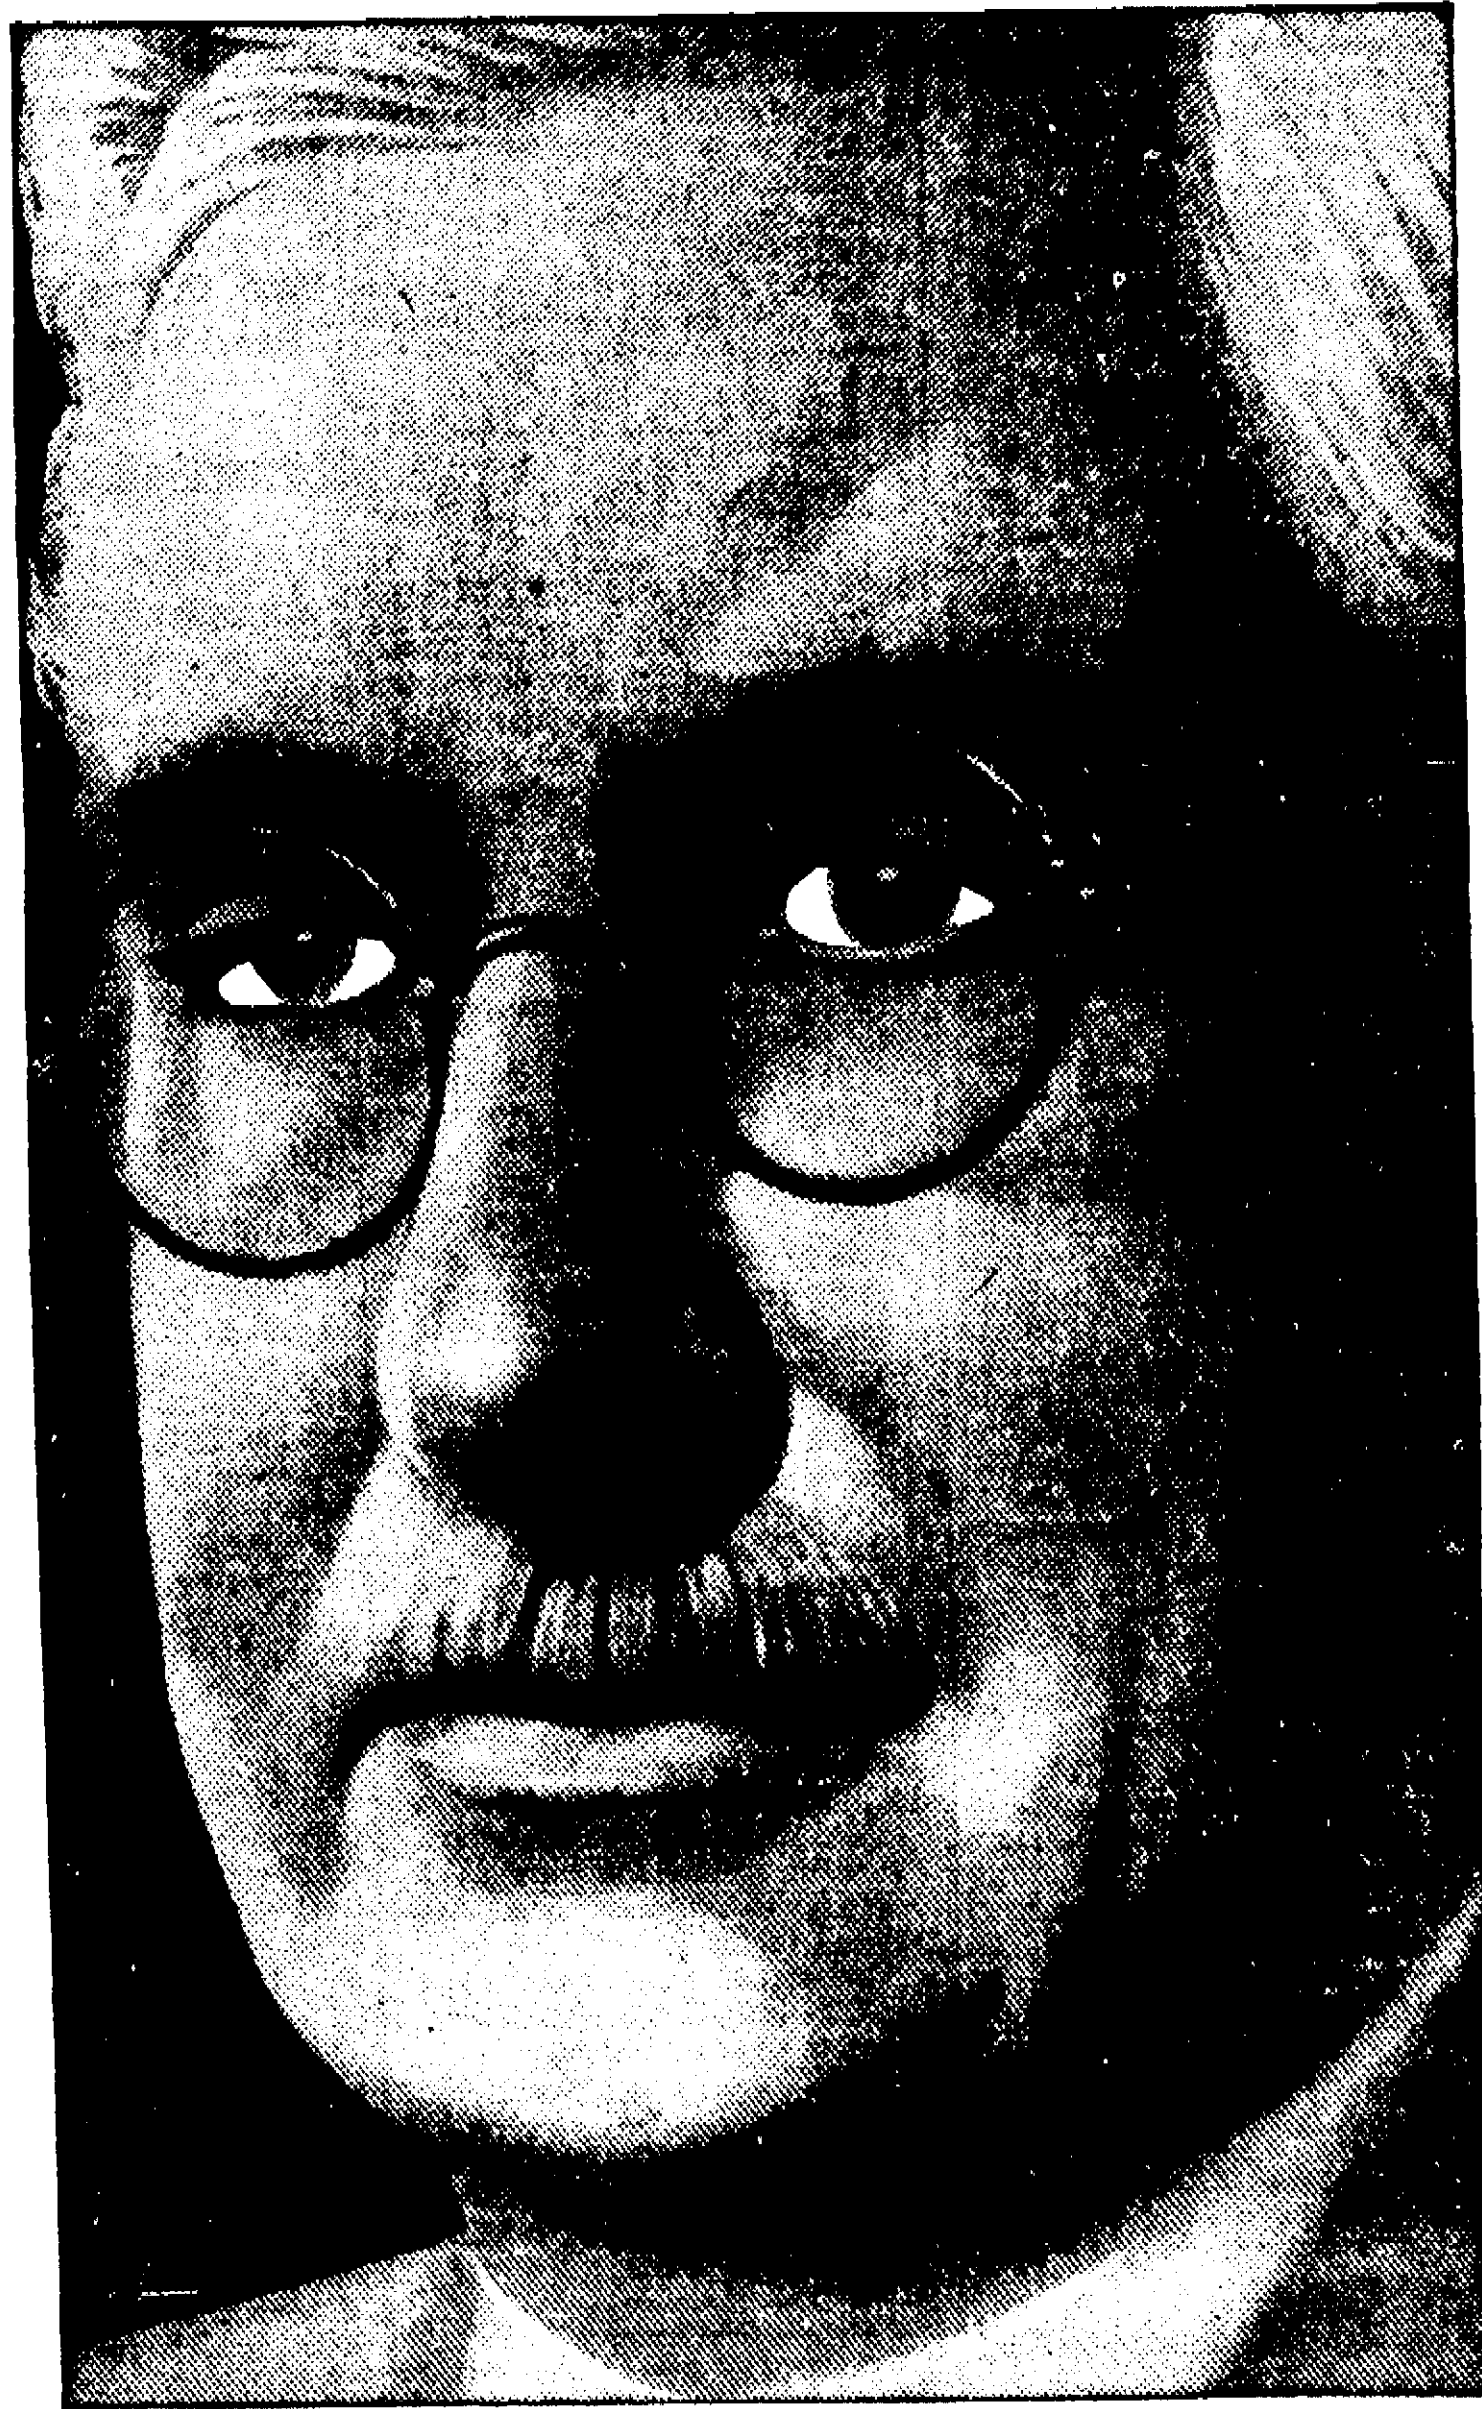

Says

## GEORGE S. PARKER

President of  
The Parker Pen Company  
Pioneer in the manufacture of the famous Parker Fountain Pens and Pencils

About  
**LUCKY STRIKE'S**  
Famous Toasting Process  
which includes the use of the Ultra Violet Ray

"People are eager for products of fine quality—and to satisfy this need every business leader must devote all his time and resourcefulness to developing an even finer quality in his product. You have recognized this great demand by your use of the Ultra Violet Ray in the 'Toasting' of the LUCKY STRIKE tobaccos—it is a stroke of modern business genius."

*George S. Parker*

Everyone knows that sunshine mellows—that's why TOASTING includes the use of the Ultra Violet Ray. LUCKY STRIKE—the finest cigarette you ever smoked, made of the finest tobaccos—the Cream of the Crop—THEN—"IT'S TOASTED." Everyone knows that heat purifies and so TOASTING removes harmful irritants that cause throat irritation and coughing. No wonder 20,679 physicians have stated LUCKIES to be less irritating!

# "It's toasted"

Your Throat Protection—against Irritation—against cough

Consistent with its policy of laying the facts before the public, The American Tobacco Company has invited Mr. George S. Parker to review the reports of the distinguished men who have witnessed LUCKY STRIKE'S famous Toasting Process. The statement of Mr. Parker appears on this page.

# OHIO CALLS ROBERT J. BULKLEY FOR THE U. S. SENATE

Because of his outstanding record, his courage, his ability, his  
integrity and his keen knowledge of national affairs as well as his keen  
conception of the desires of Ohio citizens, Robert J. Bulkley, Demo-  
cratic candidate for United States Senator, has the support of thou-  
sands of Republicans, Independents and Democrats.

As a member of Congress he ranked high. He helped draft the  
Federal Reserve Act and battled through for its passage. Though a  
city resident, he recognized the farmers' problems and drafted the  
first piece of legislation for rural credits, the Hollis-Bulkley bill, now  
the Federal Farm Loan Act. In Congress he fought fearlessly for  
what he considered best for America.

Candidate Bulkley favors repeal of the Eighteenth Amendment  
and the elimination of the serious evils and corruption which have fol-  
lowed its adoption.

He is opposed to the excessively high and injurious tariff rates  
as fixed by the Hawley-Smoot law and is in favor of a tariff sufficient  
to protect America against foreign low labor costs.

He stands for American ideals and the progressive betterment of  
American standards of living.

He is frank, dignified, cultured, able, experienced, honest, fair  
and Democratic. These are the prescribed qualifications of a United  
States Senator.

Recognizing all of this and knowing Ohio's best interests will  
be served by the election of Robert J. Bulkley to the United States  
Senate, thousands of citizens, regardless of party, are urging his elec-  
tion.

Listed below are some of the Republicans, Independents and  
Democrats serving on the committee to bring about his election.

They, with thousands of other Ohioans, scores of organizations  
and scores of newspapers ask you to vote for him at the election  
Tuesday, November 4, to send to the United States Senate from Ohio  
the state's most qualified candidate.

# Is your car ready for "OLD MAN WINTER?"

LAUGH at Old Man Winter this year.  
Laugh at his swirling, wintry blasts!  
when the "old bus" was laid up at the first sign of cold weather!

Snap your fingers  
Gone are the days

A few simple precautions, taken NOW, will make winter  
driving fully enjoyable. Thousands of Sohio Service Stations,  
Agents and Dealers are ready to prepare your car for winter  
with correct winter-grade products, and skilled service.  
Here's how . . .

## CRANKCASE . . . change now to winter-grade Sohio Motor Oil

If your motor growls back at you when you step on the  
starter, it's because your oil is thick and gummy. Have  
the heavy summer oil drained out, refill with fresh, free-  
flowing Sohio Motor Oil in the winter-grade specified for your  
motor. Sohio is free from harmful clogging wax and gives you  
positive lubrication whether the weather is Zero—or 100° above.

## TRANSMISSION . . . put in winter-grade Sohio Gear Oil

Thick, gummy grease makes labor of gear shifting.  
But gummy gear oil in the transmission is out-of-date.  
Gears now shift as easily in winter as in summer when  
you have the transmission flushed clean and refilled with the  
correct grade of Sohio Gear Oil.

## DIFFERENTIAL . . . use winter-grade Sohio Gear Oil here, too

The driving power of your motor is seriously reduced  
with heavy summer grease in the differential. Get all  
the power from your motor by having the differential  
drained and refilled with the correct grade of Sohio  
Gear Oil for winter driving. It cushions the gears of the rear axle,  
allowing them to run freely without sticking or gumming-up.

## CHASSIS & BODY . . . protect now with Sohio Lubricants

Winter's ice and slush and mud work their way  
into spring shackles and chassis parts bringing squeaks  
and rattles that indicate destructive and unneces-  
sary wear. Sohio Lubrication Service will protect  
your car and make riding more of a pleasure.

### OTHER HELPFUL HINTS TO MAKE WINTER DRIVING ENJOYABLE AND TO SAVE REPAIR BILLS.

### Cooling System.

Drain the radiator and clean the cooling sys-  
tem thoroughly of rust, scale and  
foreign matter to avoid clogging  
and freezing on cold days. Inspect  
all joints such as hose connections,  
the water pump, gaskets and ra-  
diator itself. Then fill the radiator  
with an anti-freeze solution. Avail-  
able at all Sohio Service Stations.

### Carburetor.

Have the carbu-  
retor cleaned thoroughly before  
having it adjusted to the richer  
mixture required in cold weather.  
Remove and clean strainer. Air  
cleaner should also be in good con-  
dition.

### Fuel and Oil Lines—Oil Filters.

Clogged fuel or oil lines  
on a cold wintry night don't add  
to one's good humor. Have them  
cleaned by your garage man. If you  
have used your oil filter longer than  
recommended by the manufacturer,  
renew it now. An overloaded oil  
filter will only help to clog oil lines.

### Ignition System.

Distributor  
points should be cleaned and ad-  
justed to exactly the gap specified.

### Battery.

A run-down battery is  
liable to freeze. Have a reliable  
battery service station test your  
battery for winter driving. It may  
need fresh water . . . or top-cracks  
sealed . . . or re-charging. Battery  
terminals may need cleaning and  
recoating with vaseline.

### Brakes.

Winter driving puts a  
heavy strain on brakes. Make sure  
your brakes are properly adjusted  
to avoid skidding and possible seri-  
ous accidents. If you have driven  
more than 15,000 miles, an inspec-  
tion of the brake lining is advisable.

### Springs.

Clean the springs with  
a wire brush. Wash off all re-  
maining grime with kerosene. Then  
a coating with light oil will pre-  
vent rust and a possible broken  
spring. Springs sprayed at Sohio  
Lubrication Stations.

## MASQUERADE PARTY IS HELD BY GRANGE

Program Features Meeting of  
Mt. Olive Group at Green  
Camp.

Special To The Star  
GREEN CAMP, Oct. 20—The Mt. Olive Grange held a masquerade party Tuesday night at the school house. Elizabeth Bosart won the prize for the best dressed and Mary Unapher for the homeliest. ORA C. MCCURDY

Editor's Note—This is one of a series of stories being published by The Star to acquaint Marion county voters with local and district candidates who will be voted on at the polls Nov. 4.

An unusual incident has marked the campaigns of the two candidates for county commissioner in Marion county.

Frank Spicer, Democratic candidate, has waged his "campaign" from a sick bed, for he has been confined either in a hospital or at his home since before the primary in August, due to a compound fracture of the leg sustained when he was thrown from a wagon on his farm.

The other candidate is Ora C. McCurdy, present commissioner, who is running on the Republican ticket. McCurdy was elected in November, 1928, to fill out the unexpired term

FRANK SPICER

of J. N. Rexroth, deceased, after O. J. Hord had been appointed temporary commissioner.

Both men are farmers and both are active in county grange circles. Neither has held office before with the exception of Spicer who has been clerk of Bowling Green township. At present Spicer is a justice of the peace.

McCurdy has lived in Marion county for 38 years, having come here from Union county. He was born in Delaware county near Ashley and is 48 years of age.

Spicer was born in Franklin county but has lived nearly all

his life in Bowling Green township. He is 61 years of age.

Both men are married and have three children. Spicer's children are Mrs. A. L. Thomason of 238 Olney avenue, Ruth Spicer, teacher in the Oakland Heights school, and Mrs. Albert Amstutz of Findlay. McCurdy's children are Mrs. W. A. Monnette of Columbus and Howard and Sue at home.

## Club Members Hostesses to Husbands at Party

LA RUE, Oct. 20—Members of the Twentieth Century club entertained their husbands at their annual 6 o'clock Halloween dinner party Tuesday night at the home of Mr. and Mrs. E. E. Blazer. Covers were placed for 34 members and guests. Dinner was served by Misses Helen White, Wanda Tannyhill, Wahneta Hodson, Beulah Freshour and Esther Guthrie. Mrs. J. J. McNeff acted as toastmistress and welcomed the guests and called on J. W. Hogland, L. B. Guthrie, E. E. Blazer, Mrs. Fred Cooper and Mrs. Laura Raub who responded.

## Meeker Girl Entertains at Halloween Party

MEEKER, Oct. 20—A Halloween party was enjoyed Wednesday night at the home of Miss Marian McPeck. Her guests were: Mary Jane Hickman, Alice Parks, Elsie Martin, Helen Engle, Lucille Bell, Louise Anthony, Arnold Green, Carroll Kennedy, Lowell Cates, Paul McPeck, Lewis Bell, Wilbur Parks, Russel Cayton and Jack Sims.

By The Associated Press  
CHICAGO, Oct. 20—Jack Wagner of Providence, R. I., a heavyweight wrestler, today was in a Chicago hospital with a punctured liver, suffered in a match with Joe Malcewicz of Utica, N. Y., last night. Malcewicz threw Wagner to the mat, falling on him, fracturing a rib which punctured the liver. Wagner got up and within a few seconds won the only fall of the match, but he was forced to forfeit when he collapsed after he left the ring.

## Will Ohio Answer the Challenge?

Governor  
Myers Y. Cooper

YOU and yours, representing that great body of intelligent citizenship so often mentioned as "the backbone of the state", are facing a momentous test. Shall a safe and sound state administration, which has kept every promise, which has given Ohio good management, honest government and steady progress, be maintained? Shall a constructive program, to which men of integrity, of experience and with the courage of their convictions have given their best effort, be continued?

OR will you let specious arguments, promises that cannot be kept, attacks based on misrepresentations and a smoke screen of misleading propaganda, confuse you and divert you from voting for the best interests of the state, which are also your own best interests?

## Does It Mean Anything to You THAT—

—the Pence Law, which allowed utilities to boost rates before justifying the increase, was repealed by this administration?

—the old election code was overhauled and made modern and efficient?

—a "Blue Sky" law, equipped with "teeth", was passed for the protection of investors?

—workmen's compensation claims are settled more speedily in the interests of those affected?

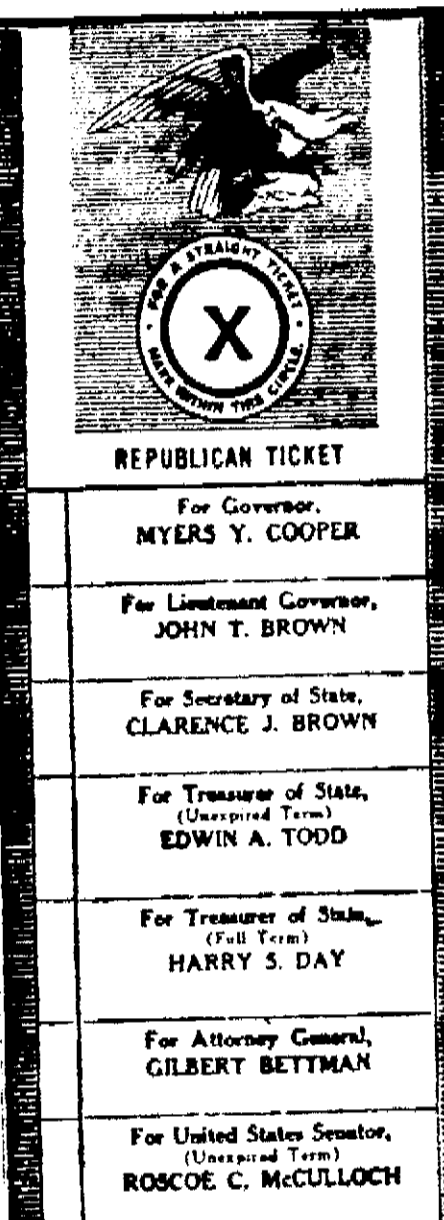

—a Department of Aeronautics was established bringing Ohio abreast of the times in this great new development?

—the State Library was reopened after being closed for months?

—more miles of highway were constructed than in any previous similar period and with considerable reduction of the cost per square yard?

—in spite of paying off an inherited debt of over \$6,000,000, spending \$2,000,000 more for education; expanding the welfare activities of the state beyond any previous record; in spite of reducing taxes by \$2,000,000—in spite of everything, this administration will have an unencumbered cash balance by January 1st of \$5,000,000 in the treasury?

If these things have real meaning for you, if you want this same forward looking, progressive policy continued for the next two years, you have it in your hands to make that possible. The way to do it is to

MANUFACTURERS, themselves . . . designers and creators of exquisite textiles; makers of silk lingerie; of sheer stockings . . . it is these authorities who ask you to wash your fine silks in Palmolive Beads, the new soap for fine things! And their approval is seconded by a committee of 17 celebrated women who witnessed striking tests of this new soap before it was presented to the public.

Every woman knows the names of Cheney, Corticelli, Holeproof, Stehli. Lingerie and silk stockings bearing the labels of Kayser, Phoenix, Luxite, Vanity Fair and Van Raalte are included in millions of wardrobes.

## Makers acclaim Palmolive Beads

These manufacturers search constantly for the best way to prolong the life and beauty of their creations. After exhaustive tests with many soaps, they have discovered Palmolive Beads!

"We recommend it for home laundering of even the most delicate washable fabrics," say Cheney Brothers.

"Palmolive Beads are the ideal soap for the cleansing of silk hosiery," so says the Holeproof Company.

Kayser exclaims enthusiastically about the way "Palmolive Beads dissolve and rinse out completely. The olive and palm oils protect sheen, lustre and fibre."

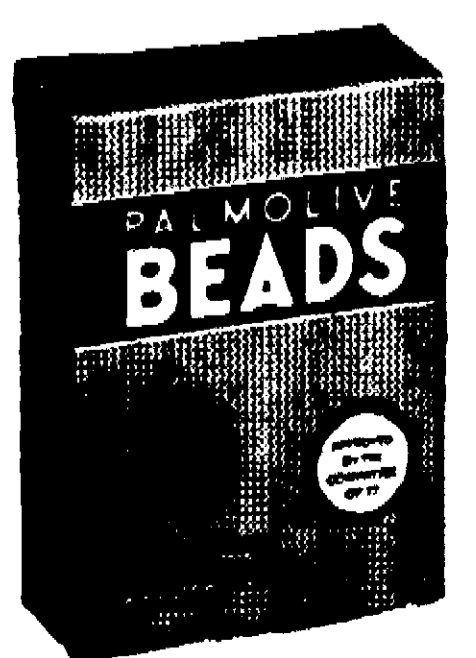

"Because they dissolve and cleanse thoroughly in water of a low temperature," Stehli approves Palmolive Beads so highly . . . and both Phoenix and Luxite call it "ideal."

What further proof could you ask that this soap is, indeed, remarkable? Only a trial in your own wash-bowl. Buy a package of Palmolive Beads at your dealer's today. They cost no more than old-fashioned flakes.

Typical of the slenderizing charm that characterizes Vanity Fair undergarments is this braiere and bloomer set. "We are glad to recommend Palmolive Beads," say the makers of the Vanity Fair Silk Mills.

The glorious new Corticelli fabric "Zenada" is used to fashion this smart ensemble. Zenada drapes beautifully . . . tailors and dressmakers . . . and ladies prefer it, if the manufacturers' instructions are obeyed. Corticelli says "Use Palmolive Beads." Ensemble created by M. & A. Sherman, New York City.

# N. Y. CONTEST COMPLICATED

Dry Vote To Play Important Part in Empire State Election Result.

Following is one of a series of stories prepared by Associated Press staff writers describing the political campaign in various states.

By The Associated Press

ALBANY, N. Y., Oct. 20—While the dry and wet question has been the major political issue in the Empire State, the size of the dry vote Tuesday will determine whether the Republicans will be able to wrest control from the Democrats.

Under the ascendancy of Alfred E. Smith as governor, New York was regarded as a Republican stronghold, but in recent years the Democrats have held a firm un-

broken grip on the reins. This year for the first time since the advent of prohibition the Republican candidate, Charles H. Tuttle, former federal district attorney at New York, has openly advocated repeal of the Eighteenth amendment.

In Ranks of Wets  
The Democratic party, since the days of Smith, has always been wet. Governor Franklin D. Roosevelt, seeking reelection, has also declared in favor of repeal.

But Tuttle's declaration instantly alienated a section of his party, which has been traditionally dry. The law preservation party, with Professor Robert Paris Carroll of Syracuse university as its gubernatorial candidate, has been waging active battle against Tuttle.

Therefore New York is normally dry, and normally Republican. Metropolitan New York City is normally Democratic and normally wet. The Democrats claim an unbroken front all along the battle line. Even the regular Republican admit the Carroll campaign will cut into their upstate ranks. But they assert that many Republicans in New York City, known

as "Al Smith Republicans" who have heretofore voted for the Democratic governor, will cast their ballots for Tuttle because of his liberal views on prohibition.

Over 4,000,000 Registered  
The total registration in the state is 4,089,207, including 1,508,020 in New York City.

Mr. Tuttle who in his capacity of federal attorney in New York City revealed scandals in the New York city judiciary, has made Tammany an important issue in his campaign speeches. He has repeatedly said "the issue is whether the state is to have a governor bigger than Tammany hall."

The Roosevelt campaign has revolved about state issues, with the emphasis largely on regulation of public utilities and state development of hydro-electric power along the St. Lawrence river.

He has argued that the reelection of a Democratic state administration is essential in order to bring about cheaper light and power rates.

Professor Carroll has attacked both Roosevelt and Tuttle, although making the Republican candidate the target of his heaviest prohibition artillery.

No senator is to be elected in the 17th congressional district. New York City, Mrs. Ruth Pratt Republican incumbent, is fighting against the combined attacks of Louis Brodsky, Democrat, and Heywood Brown, newspaper columnist who was nominated by the socialists.

# RICHMAN BROTHERS

*No Sir!...  
not just an  
Overcoat*

We want to sell you the Richman Brothers... the institution itself... the organization of several thousand men and women who make the clothes, all of whom own Richman Brothers stock... every one of whom strives to please you. The very atmosphere bespeaks excellence, ambition, successful operation, perfect merchandise.

This is our life's work... 51 years of doing the best that we knew how to gain the confidence of our own people and of our customers. We make all the clothes that we sell... they're sold direct to you... no middleman enters into it.

Now let us speak about our overcoats.

We recommend Navy Blue Meltons made in a double-breasted, fairly loose fitting, straight box-back garment... our blue goods are indigo dyed... made of super fine wool... we make the same cloth in a form-fitting dress overcoat with a velvet collar. We have all sizes for the boy of 16 years to the man with a 50 inch chest... for the extremely tall... the very short and the corpulent.

We have a large assortment of dark, medium and light grays... fancy mixtures... boucles... scotch tweeds and the popular deep-pile camel's hair and Alpaca overcoats.

ANY OVERCOAT, TOPCOAT, BUSINESS SUIT OR DRESS SUIT IN ANY RICHMAN BROTHERS STORE IN THE U. S. IS ALWAYS THE SAME PRICE
